

mJordan Brady // I design, develop & teach the web

Alchemy Code Lab | August 2018 - December 2018

Lead Instructor and Curriculum Author at Full Stack JavaScript Bootcamp

Skills: HTML, CSS, JavaScript, Vue.js, React.js, PostCSS, CSS Animation, Gatsby, Netlify, Git, Github, Command Line, Design, Teaching

- Co-instructed bootcamp prep, bootcamp 1, and bootcamp 2 classes.
- Authored new curriculum in the “devsigner” category for all class levels.
- Collaborated one-on-one with students to troubleshoot code.

Nike (Pro Unlimited) | November 2017 - August 2018

Contractor: Applications Engineer and Prototyper

Skills: HTML, CSS, JavaScript, React.js, Storybook, Stylus, Git, Github, UX Design, User Testing

- Created rapid prototypes of new features and layouts across teams and applications.
- Built working prototypes of new features to be used for A/B testing and user studies.
- Expanded the internal CSS Framework used by all Nike.com engineering teams to include modern CSS properties, such as flexbox, while still including acceptable fall backs for browsers back to IE7.
- Programmatically integrated new designs within existing applications.
- Helped teams understand and adopt corporate standards for technical design implementation.
- Selected as a member of a proof of concept team that built and implemented a design system that could convert a standard react component into a storybook story, or a sketch file. The system could also take a sketch file and turn it into a react component.

Stackary | March 2017 - July 2017

Software Engineer

Skills: HTML, CSS, JavaScript, JavaScript, jQuery, jQuery UI, Node.js, Hapi.js, Joi.js, Git, GitHub, D3.js, Handlebars, REST API Design, MySQL, MariaDB, SVG, Canvas, UX Design, Serverless Architecture, Amazon AWS

- Authored internal documentation on all new features implemented.
- Engineered multiple features from wireframes through the backend API and database.
- Reskinned full application based on my own designs which included UX and accessibility optimizations.
- Automated the signup process for the main app by creating a Node.js based CLI tool to send templated emails created with Zerb for Email and sent using Amazon SES.

Biamp (IT Motives) | August 2016 - January 2017

Web Developer

Skills: HTML, CSS, Sass, JavaScript, jQuery, Backbone.js, Underscore.js, Gulp.js, Design

- Upgraded non-web-based software to a responsive modern JavaScript interface.
- Created reusable components to form the beginning of a design system.
- Automated the build process for the project using Gulp.js.

Treehouse | April 2016 - September 2016

Mentor for Front End Web Development Tech Degree Program (Beta)

Skills: HTML, CSS, Sass, JavaScript, jQuery, APIs, Responsive Design, Accessibility, SVG Graphics, HTML5 Video

- Collaborated with students in one-on-one sessions to help them learn how to solve problems and debug code.
- Provided in-depth code reviews for student code on projects and assignments to ensure all requirements were met.

Tech Academy | June 2015 - January 2016

Lead Instructor and Student Care Director for Full Stack Development Bootcamp

Skills: HTML, CSS, JavaScript, jQuery, Node.js, PHP, WordPress, MySQL, Python, Git, GitHub, Scrum, Agile, Project Management

- Facilitated distributed agile student teams in sprints to complete projects for real world clients.
- Devised unique code challenges, mini lessons, and extra projects to challenge students.

Grapttek | January 2014 - March 2015

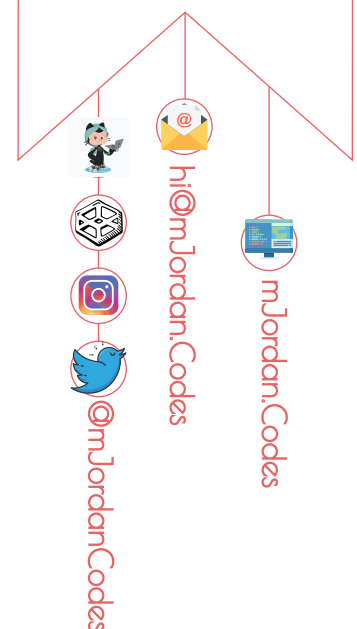

Web Developer and Designer at Web and Marketing Agency

Skills: HTML, CSS, WordPress, JavaScript, jQuery, Subversion, Adobe Creative Suite, Social Media Management, SEO, Cold Fusion

- Navigated a legacy system and custom WordPress sites to perform content and structural updates.
- Created custom WordPress themes on a site by site basis.

Tech Skills

- HTML
- CSS
- JavaScript
- Sass
- PostCSS
- Gatsby.js
- React.js
- Vue.js
- Node.js
- Greensock
- Git / GitHub
- Design Systems
- Pattern Lab
- Python
- WordPress
- SQL
- PHP
- Vagrant
- Bash Scripting

Design Skills

Software

- Sketch
- Adobe Photoshop
- Adobe Illustrator

Concepts

- Responsive Web Design
- Graphic Design
- Illustration
- Atomic Design
- UX Design

I love to...

Read Books

Write Stories

Paint & Draw

Take Pictures

Kickbox

Play with my puppies

Community Involvement

Puppies and Portfolios | January 2019 - Present

- Founded a new group to help people focus on building portfolios in pursuit of tech jobs.
- Organize weekly meetings where I lead discussions on effective design and content.
- Assist with technical implementation of designs.

PDXNode Co-Organizer / Lead Organizer | June 2017 - Present

- Organize monthly presentation nights and hack nights by securing speakers and managing all logistics.
- Engage with members on social media to promote events.
- Connect with sponsors to secure funds for food, space for events, and prizes to be won.
- Spearheaded organizing efforts to host a full day International Nodebots event, including enlisting volunteers and mentors, acquiring equipment, coordinating with sponsors, and leading the technical workshop.

Women Who Code Leadership Team | January 2016 - Present

- Co-lead the Open Source Study Nights in 2018.
- Co-lead the CSS Study Nights in 2019.
- Assist in organizing network nights by finding speakers and locations, as well as coordinating other volunteers.

Free Code Camp | June 2016 - Present

- Led various technical talks on demand.
- Assist campers with various front end and design problems as they come up.
- Organized and led a hackathon as part of the global online Free Code Camp hackathon in October 2018 by gathering sponsors, securing a venue, and coordinating volunteers for a 48-hour event.

Speaking

Crash Course in Getting Started with CSS Animation

- Meetup: PDX Future Leaders in Tech | Feb '19

I Get By With A Little Help From My Community

- Meetup: PDXJr Developers | Sept '18
- Meetup PDX Future Leaders in Tech | June '18

Dig in on Grid / CSS Grid Workshop

- Conference: WordCamp PDX | Nov '18
- Meetup: Alchemy Code Lab | Oct '18
- Meetup: Front End PDX | July '18
- Meetup: Women Who Code: JS Group | June '18

Toastmasters | 2018

- Level 1: 4 speeches completed
- Placed second at the club level in the Humor Speech contest
- Elected Officer: VP of Education
